## MORE SHOTS FIRED TO-DAY

One Policeman Was Fatally Shot Last Night—It Is Estimated That 15,000 Strike-breakers Are in Service.

Philadelphia, June 3.—This morning the subway and elevated employees of the Philadelphia Rapid Transit company were called out. There was a general tie-up on Fifth street, resulting in special detectives and policemen being sent at once to the subway stations, and the trains were started with strike-breakers.

Rioting which was prevalent last night was resumed again this morning. At the League Island navy yard twenty sailors clashed with the police. Shots were fired but no one was hurt. The officers had attempted to arrest a sailor and the shooting followed.

It is estimated that there are 15,000 strike-breakers in the city, and the company is making strenuous efforts to run the surface cars. It is expected that 2,000 special policemen will be sworn in by tonight and sent to the trouble spots.

It is also expected that the result of beatings by the mob.

MANY RIOTS AND  
A POLICEMAN SHOT

Turbulent Times Attend The Efforts of Strikebreakers to Operate Cars in Philadelphia.

Philadelphia, Pa., June 3.—One policeman shot and probably fatally injured, nearly a hundred persons bruised and battered either by policemen or strike sympathizers, and five cars wrecked and then burned, is the result of an attempt on the part of the Philadelphia Rapid Transit company to operate their cars last night by imported strike-breakers.

The point at which the most serious rioting occurred is known as the Kensington Hill district. In this section of the city there lives nearly every nationality, the foreign element predominating. When the traction company announced yesterday afternoon that cars would be run last night nearly all the storekeepers in the Kensington district knowing the temper of the residents there, closed their stores promptly at six o'clock.

As one car after another left the car barn crowds stood on the street corners in sullen silence. Finally a boy cried "scab" and immediately he was pursued by a policeman who was riding on a car. As the officer started for the youth the crowd closed in upon him and so quickly was this done that he was unable to draw his revolver. This weapon was taken from him and is believed to have been the same revolver with which Policeman Levy was shot a few minutes later. The fire which had been smouldering now burst into flame of fury. The objective point was Allegheny avenue and in less than half an hour seven cars were wrecked, five being completely demolished and burned. The police officials were powerless at the moment to combat the mob, but a riot call brought a hundred blue-coats to the scene and the crowd was driven back. But the damage had been done and there was little need of the presence of police so long as no attempt was made to run cars from the barn.

While this serious disturbance was in progress in the northeastern section of the city, there were incipient riots at the car barns at 16th and Jackson streets in the downtown district and at 4th and Woodland avenue and 4th street and Haverford avenue in the West Philadelphia district. The crowd grew menacing when an attempt was made to run from the downtown barns and a policeman who endeavored to quell the disturbance was ducked in a water trough. Twenty-five plain clothes men and policemen rushed to the scene on a special trolley and after the cars were run back into the barn there was no further trouble.

## CALL GENERAL STRIKE.

Of Machinists Employed on The Baltimore & Ohio R. R.

Baltimore, Md., June 3.—Officials of the international machinists union issued an order this morning calling a general strike of machinists employed on the Baltimore & Ohio railroad. It is believed that one thousand men will lay down their tools today. Sealed orders have been forwarded to the blacksmiths, boiler-makers and steam fitters. The strike leaders assert that all branches of the mechanical service will strike in a few days. It is estimated that three thousand men will then be out. It is reported that the railroad will employ strike-breakers in an effort to quickly end the trouble.

## RASHNESS ENDS IN DEATH.

Tourists Tried to Climb an Almost Inaccessible Peak.

Turin, June 3.—Four Frenchmen are dead and two Italians are dying as the result of an attempt to climb the almost inaccessible peak Grand Dent, in the Alps. The party had nearly reached the top when the rope parted, precipitating the tourists over a ravine 200 feet.

Say They'll Shut Down.

Milford, June 3.—Wells Bros. & Co. declare that if the quarrymen's strike is not settled before Saturday they will shut down their Milford plant.

## MURDER OR SUICIDE.

Dr. J. T. Binkley, 82 Years Old, Found Dead in Room at Hotel.

Chicago, June 3.—Dr. John T. Binkley of Evansville, Ind., 82 years old, was found dead in a room at the Wellington hotel here last night, and his son, Dr. John T. Binkley, Jr., and other relatives are certain he was murdered by a robber, while the police and the hotel authorities incline toward the suicide theory. Dr. Binkley was found sitting upright in a chair and he had been shot in the left side of the face, the bullet taking an upward course. A revolver was found on the bed to the right of the dead man, with one chamber empty.

Mrs. George Upchurch, his daughter, and her 32-year-old daughter, had left Dr. Binkley in his room only an hour before he was found dead.

The dead man's relatives say his watch, purse and valise were taken. The valise was later found in a lavatory. It contained only some medicines and toilet articles, and near it was found a partly filled bottle of whiskey.

Dr. Binkley was once a well known physician in this city. Dr. Binkley, Jr., is the founder of the Chicago hospital.

## NEED A BIGGER JAIL.

If Present Plan of Commitment Is Carried Out in Windsor County.

Woodstock, June 3.—In Windsor county court yesterday afternoon the grand jury reported four true bills and recommended that if the present plan of committing prisoners to the county jail instead of the house of correction is followed, that the Windsor county jail be enlarged. In discharging the grand jury, Judge Hall complimented them on the expedition of their work.

The first case taken up in court was that of Frank E. Farrell vs. Frank L. Elderman, general and special assumpsit. This was over a horse deal in which it was alleged that the animal was not as promised. The case has once been tried in county court, being sent back for a retrial by supreme court.

## CAPONI KNOCKED OUT.

Westerner Put Up a Miserable Exhibition With Ketchell.

Schenectady, N. Y., June 3.—Tony Caponi of Chicago was knocked out by Stanley Ketchell with a blow to the jaw in the fourth round of a scheduled ten-round bout before the American Athletic club here last night. The westerner put up a miserable exhibition and seemed utterly unable to ward off the blows of the champion, who landed whenever and wherever he wanted to. Caponi was knocked down once in the second, and four times in the fourth on the last fall, taking the count.

From the first Ketchell went after his man hammer and tongs. He was apparently in the best of condition.

## NOT WANTED AT HARVARD.

John W. Cutler, a Senior, and Sidney W. Fish '12.

Boston, June 3.—John W. Cutler, a senior and quarterback on last year's eleven and Sidney W. Fish, a first-year student in the law school, who was disciplined while at the training camp of the crew at New London last summer, were yesterday notified that their presence at Harvard was no longer desired. The young men were fined \$10 in the Cambridge court on Tuesday for a disturbance in the college yard on Monday night.

## INNOCENT MEN HANGED.

To Give a Semblance of Truth to Charges of Investigators.

Constantinople, June 3.—Six Armenians were hung yesterday with nine Mohammedans in order to give a semblance of truth to the charges of the Turkish investigating committee that the former are partly responsible for the massacres of the Armenians. Prominent missionaries declare the men were absolutely innocent. Diplomatic interference is now being considered to prevent further similar outrages.

## ROOSEVELT ON THE MOVE.

Starts on a Trip Today For Other Hunting Grounds.

Nacochi, British East Africa, June 3.—Col. Roosevelt and party left here at 1:10 for Kijib, 40 miles to the northwest. On their arrival tomorrow the ex-president will visit the American mission station, leaving later in the day for Sotik the objective point of the next hunt. It can be reached by caravan only.

## RANDOLPH.

Preparations Completed For Entertainment of Congregationalists.

Mr. and Mrs. F. L. Lockwood, who had been residing in town for a few years, returned to New Bedford, Mass., Wednesday to take up their permanent residence there.

William Plisk of Salem, Mass., is a guest of relatives in town for a few days and on Wednesday made a trip to Highgate accompanied by his cousin, Miss Almira Plisk, where they passed the night.

Eugene Marshall has purchased and taken possession of the B. M. Smith meat market in the Howard block.

Rev. Fraser Metzger gave an address in Bradford Tuesday night at a county meeting of Congregational churches in session there.

Active preparations have been in progress for several days to entertain the state convention of Congregational churches and the plans are now fully matured. It is expected that the 200 delegates, already listed for the occasion, will be entertained in private homes over night and the breakfast taken at the place of lodging while the dinners and suppers will be served in the parish house by the ladies of the church. A large crowd is expected to be present next week.

Mrs. Lucindy Cleveland, Mrs. Eliza Fairbanks and Mrs. Elsie Vinton from Bradford Chapter, O. E. S., went to Burlington on Wednesday afternoon to attend the grand chapter meeting to be held in that city this week.

NEW INDUSTRY  
FOR VERGENNESPlant to Handle Milk and  
By-products

## NEW BUILDING GOING UP

In Order to Secure the Business Vergennes Simply Had to Guarantee Water at a Certain Rate and a Sewer.

Vergennes, June 3.—The efforts of the Vergennes board of trade resulted today in securing a new industry for this city, a New York concern having arranged to move its plant to Vergennes. The company handles milk and will manufacture by-products. A plant to cost \$20,000 will be erected near the station and at the start fifteen or twenty hands will be employed in the business. The company now has a plant in Chateaugay, N. Y., and is getting its milk from northern New York and along the line of the Rutland railroad.

In order to get this industry Vergennes did not have to vote the usual exemption from taxation, but was only asked to guarantee water at a certain rate and to build a sewer to the plant, toward the expense of which the company agreed to contribute \$300. A new milk train on the Rutland railroad was started last Sunday.

## U. S. CONSUL DEAL

## TO BE SUCCEEDED

After Being in the Government Service for 29 Years—Has Been Consul at St. John, P. Q., for a Dozen Years.

St. John, P. Q., June 3.—It is officially announced that the Hon. Charles H. Deal, for the past twelve years United States consul here, is soon to be succeeded by a Mississippi man. Mr. Deal has been in the government service for 29 years, having been in the customs department before entering the consular service.

## STORY OF HIS LIFE.

Started by Former Judge Dewey in Boston Libel Suit.

Boston, June 3.—Dealify with a wide range of subjects from city politics in 1905 to the burning of witches in Salem, former Judge Henry S. Dewey opened his case in the superior court yesterday in his own behalf in an effort to obtain damages to the amount of \$75,000,000 from officials of the Good Government association, who he claimed libeled him in the majority campaign four years ago.

Since the filing of the first writ in the suit two years ago, the damages have been raised twice, and yesterday Judge Dewey sought to place the figures at \$470,000,000. The defendants in the case are Laurence Minot, Eliot N. Jones, John Mason Little, George R. Nutter, and Nathaniel N. Thayer.

In the selection of the jury, Judge Dewey asked that they be polled as to their religious beliefs.

In opening his case after the jury had been selected, Judge Dewey stated that two of his ancestors were burned as witches at Salem. He then traced his ancestry and reviewed his own life, especially its recent years, during which he was judge of the municipal court, and independent candidate for mayor in 1905. It was during that campaign that he said he was libeled by the defendants, by whom, he said, he was ridiculed for wearing evening dress upon the stump. He denounced the methods of the Good Government association during the campaign, the secretary of which, he said, called him a liar.

The presiding judge at the trial postponed the opening address at the end of half an hour, and Fred E. Bolton, former president of the Republican city committee, and several other politicians testified to certain incidents in the campaign. All newspaper articles published during the campaign were excluded.

Judge Dewey stated that he expected to consume a week in putting in his case.

## FIVE FAMILIES FLEE FROM FIRE.

Many Narrow Escapes in Biddeford Block.

Biddeford, Me., June 3.—The five-tenement block, 60 to 75 Alfred street, owned by Edward C. Lauges of Saco, was damaged by fire, smoke and water last night to the extent of \$2,000, the loss on the building being covered by insurance. The loss of the tenants will reach \$1,800. They all carried a small insurance.

The tenants, all mill workers, were driven from their homes by the flames which threatened to wipe out the whole building. They were telephoned Godette, Phoebe Martin, Samuel Lepore, Adeler Cote and Alced Marcotte. The fire started in the attic and spread through the building.

Those living in the upper part of the block got out a little of their furniture, but the flames went from end to end of the building so quickly that they were compelled to take their children in their arms and flee to the street. Rats and matches were probably responsible for the fire.

Half an hour after the apparatus returned to the station the fire broke out again, but the flames, after a short fight, subsided the flames.

Get your turkey dinner Sunday at Hawes' restaurant, served from 12:30 to 2 o'clock.

GIRL IS ACCUSED  
OF CHILD MURDER

Hattie Lunge of South Londonderry Arrested Last Night and Will Be Arraigned as Soon as Autopsy is Completed.

South Londonderry, June 3.—Miss Hattie Lunge, aged about 20 years, was arrested here last night on complaint of State's Attorney C. H. Williams of Bellows Falls, charged with the murder of a two days old baby. Sunday she went to work at the home of Edson Rowley and Monday complained of being ill. That evening she left Rowley's house to go to the home of Mrs. Josephine Perkins in Thompsonsburg, a village in this town, and it was noticed by Mrs. Rowley that Miss Lunge carried a heavy package wrapped in a newspaper. On going to the south house yesterday morning, Mrs. Perkins found a package containing the body of a perfectly formed male child weighing seven and one-half pounds. Investigation of Miss Lunge's room at the Rowley house revealed it bespattered with blood.

An autopsy will be held by Dr. E. H. Stone of Burlington before Judge E. W. Gibson of Brattleboro. The name of the man in the case has been given to the authorities by Miss Lunge but the fellow has disappeared.

Miss Lunge formerly lived in Ludlow and came from there about two years ago. She had worked in a mill here.

## POSSIBLE NEW INDUSTRY.

Waterbury May Branch Out Into Automobile Making.

Waterbury, June 3.—The Coolley Manufacturing company has just turned out an engine suitable for an automobile. The engine is eighteen horse power and has been placed in the Rambler car owned by one of the members of the company.

Work with the new engine was given a new "try out" on Monday and surprised even the concern that manufactured the engine. It is a very quiet running engine and takes the grades in a very easy manner. The work on the engine was done by William and Edward Coolley, who are to be congratulated.

The local company has gained an excellent reputation as marine gasoline engine makers, and the plant is a busy place on this grade of engines.

If this local concern should decide to go into the automobile business—which it is well fitted up to do—it would not doubt be the means of building up a plant which would employ a large number of men.

## TO REPORT AT NORTHFIELD.

The Various Companies of The Vermont National Guard.

Brattleboro, June 3.—In compliance with the general orders issued by Col. J. Gray Eddy of this town on May 3, the various companies of the 1st regiment, V. N. TRAIN KILLS  
TRACK-WALKERRollin H. Fisk Lost His Life  
at Rutland

## HE FELL BETWEEN RAILS

Car and Engine Passed Over the body. Trainmen Didn't Know That They Had Hit a Person Until Afterwards.

Rutland, June 3.—While crossing the high railroad bridge over the falls of Otter creek at Center Rutland yesterday afternoon Rollin H. Fisk of this city was struck by a switching engine of the Delaware & Hudson railroad, receiving injuries from which he died at the city hospital last evening.

Apparently the noise of the falls and the mills on either side of the stream deadened the sound of the approaching train. A freight car was being pushed ahead of the engine, so that the crew did not know of the man's position until he had been struck. He fell between the rails, the car and engine passing over his body. He was hurried to the hospital in an ambulance, but died a few hours later.

Mr. Fisk was 43 years old and had lived in this city for many years. He was employed as foreman of the composing rooms of the Rutland Herald for about 17 years, but for the last three years he had been unable to work because of poor health. He is survived by a wife, two daughters, a son and a brother. Mr. Fisk was a member of the Vermont lodge, Knights of Pythias.

## NEGRO LYNCHED

## AT FRANKFORT, KY.

Mob of White Men Took Accused Man and Hanged Him to a Pole in Sight of the Governor's Window.

Frankfort, Ky., June 3.—Early today a mob of white men stormed the jail where was confined John Maxie, colored, held for shooting Supt. Bowers of a gang of laborers who were connected with Howe's circus, which is showing here. They secured Maxie and hung him to a electric light pole. The negro had been caught cutting the canvas of the circus tent. When he was detected he shot Bowers fatally. The lynching of Maxie to-day was committed outside the governor's window.

## GUESTS ENTERTAINED.

As Preliminary to Eastern Star Convention in Burlington.

Burlington, June 3.—Delegates and members of the Grand Chapter of Vermont, Order of the Eastern Star, began to arrive in the city yesterday for the 87th annual convention to be held today. Among the arrivals yesterday were Mrs. G. F. Leland of Springfield, grand matron, Dr. E. R. Stoddard of Shelburne, grand patron and H. L. Stillson of Bennington, grand secretary. No business session was held yesterday afternoon.

At 7:30 o'clock until ten o'clock in the evening a boat ride was enjoyed on the Flooders, when a reception was tendered to the guests of honor, they being Mrs. S. Washburn, E. W. G. S. Lorraine, J. Pitkin, P. M. W. G. M. Jennie E. Matthews of the general grand chapter, and P. G. M. Abbie E. Keels of the grand chapter of California.

## MAY SELL PROPERTY.

Court Grants Hearing for June 9 at Rutland.

Rutland, June 3.—Chancellor Willard W. Miles has granted a hearing at St. Johnsbury June 9 at 7 p. m. on the petition of Henry F. Field, Lieut.-Gov. John A. Mead and Newman K. Chaffee of this city, receivers of the Columbian Marble Quarrying company of this city, which has been defunct three years, for the right to improve the plant and execute a contract for a possible sale. George C. Underhill of this city is named as a possible customer.

The plant was formerly run by ex-Mayor James F. Manning of this city, who is now general manager of the Columbian Marble company at Marble, Colo. It was leased for the year beginning May 13, 1908, by the Vermont Marble company, but was not run on a large scale. The plant is said to be valued at \$250,000. The shops and offices are in this city and the quarries at Pittsford.

## SITUATION SERIOUS.

At McLoud, Calif., Where 1,000 Lumbermen Are on a Strike.

Sisson, Calif., June 3.—The conditions at McLoud, where a thousand lumbermen are on a strike, is serious today. All the telephone and telegraph lines have been cut by the strikers and thousands are flocking in from the surrounding towns to aid the lumbermen. The sheriff and deputies are unable to cope with the situation. The governor has called for assistance.

## WEBSTERVILLE.

There will be a lecture in the Baptist church Friday evening at 7:30 o'clock by Mrs. C. A. Robinson. Her subject will be "Glimpses of Other Lands." Admission, 15 cents. Children, 5 cents.

## Fifteen Autos Burned.

Pawtucket, R. I., June 3.—Fifteen automobiles were damaged last night in a fire which partially burned the garage of the Greenleaf Auto company at 10 Dexter street. The loss is estimated at \$18,000.

## BLACK HAND LETTER SENT.

Then Brick Is Thrown Through Window.

Manchester, N. H., June 3.—For the third time in six weeks the restaurant of William Hurley at 96 Lake avenue was found in flames yesterday. An incendiary is suspected.

Mr. Hurley received a Black Hand letter a few weeks ago, threatening to fire his restaurant unless he moved, and later a brick was thrown through the window. He does not know who his enemies are.

Mr. Hurley had left his place of business but a few minutes when the alarm was sounded from Box 71, at Cedar and Pine streets, at 2:25 p. m. When the fire department arrived the place was in flames and before the fire could be extinguished the stock and fixtures of the restaurant were ruined and the building damaged.

A gas range is used for cooking purposes, and the clock claims to have shut off the gas before leaving the shop, which was 10 minutes before the alarm sounded. He could account in no way for the blaze. The fire apparently was set beneath the counter and it had run its length, breaking through several places, and then had worked along the stairway. The whole length of the woodwork was charred and the walls and ceiling cracked with the heat.

Twice before the block has been aflame. Once about six weeks ago, when Mr. Hurley first opened, fire was discovered late at night in the partitions of the first floor, and again a fire was discovered in the rear of the restaurant. It is in Giblin block. There is an insurance on the property.

## TORE HIS MOUTH OPEN.

Autoist's Face Badly Injured—Automatic Pump Broke Loose.

Brattleboro, June 3.—While attempting to use an automatic pump in inflating an automobile tire in Main street yesterday, F. Howland Woodward of Fitchburg was seriously injured. Woodward was accompanied here to repair the tire. They removed the shoe and inner tube and young Woodward started to operate the automatic pump which connects with the shaft. In some manner the handles of the pump slipped from his hands and spinning round, the ends caught in the springs of the machine snapping the pump off close to the shaft. It struck Woodward in the face hurling him backward several feet.

He received a long cut on the left jaw, his left ear was split, two teeth were knocked out and his mouth was torn open into the left cheek. He was removed to the office of Dr. Harry P. Greene where it required several stitches to close the wounds. Later he proceeded to Fitchburg.

## COMMITTED FROM NORTHFIELD.

First Respondents to County Jail Since Opening of License.

The first two commitments to Washington county jail from Northfield since the license regime went into effect in that town were taken there today by Chief Plunkett, the two men being Frank Brown and John Holland, who will serve \$30 days each in default of payment of \$15 fine for a third offense. Justice Kent committed the men.

As a result of the state law which sends second and subsequent offenders and breach of the peace respondents to the county jails instead of to the house of correction, all the county jails in the state are said to be full. While in Montpelier recently, Governor Proctor and State Auditor Graham and Attorney General Sargent discussed this phase of the matter. It is said that the prisoners can be sent for detention to the house of correction than at the county jails. The department of justice will cost over \$200,000 more as the result of the present arrangement.

## NORTHFIELD GRAND LIST.

Shows a Slight Increase, But There Is a Loss of 47 Polls.

Northfield, June 3.—The listers of Northfield have completed their work and filed an abstract of the grand list for 1909. The figures show the total grand list to be \$15,947.10, as against \$15,879.44 in 1908. The personal estate for 1909 is \$228,544, an increase of \$23,795 over one year ago. Owing to exemptions voted on real estate in the March meeting, the total grand list, as stated above, was made only a slight increase. The total number of polls this year is 731, as of 47 over one year ago.

## A MONSTER TROUT.

Measured 21 Inches Long and Weighed 4 Pounds, 2 Ounces.

A monster trout of the German brown species was brought into Montpelier today by W. H. Cooper of Berlin, who caught the fish in the millpond of the Dog river at West Berlin this morning. The fish measured 21 inches in length and tipped the beam at four pounds and two ounces. Mr. Cooper caught the fish on a single hook and line, but considerable trouble in getting the trout into his basket, a full half-hour's fight being necessary.

Mr. Cooper had previously established quite a reputation as a fisherman this year, having caught a steelhead trout in the Dog river which measured 22 inches in length and weighed three and a half pounds.

## HUGE CHUNK OF GRANITE.

Was Moved at The Boutwell, Mine & Varnum Quarry Today.

A large stone was moved in the Boutwell, Mine & Varnum quarry today at 12:30 o'clock. There is about 151,000 cubic feet in the stone. Behind this is another large piece of granite which
